

ALTRUIC ADVISORS ANNOUNCES PARTNERSHIP WITH KUDVUMISA FOUNDATION

MARCH 2020

In spring 2020, Altruic Advisors announced a new partnership with Kudvumisa Foundation, a 501(c)(3) nonprofit organization that provides quality, compassionate healthcare in Eswatini, Africa. Kudvumisa Foundation is dedicated to meeting the healthcare needs of the marginalized and isolated communities of Eswatini, as well as providing economic opportunities through skills training and market access to combat poverty in these communities.

Funding from Altruic Advisors will be used to acquire needed medications for Kudvumisa Foundation's new health clinic and mobile outreach unit ("CHIPS": Community Health Intervention Program of eSwatini), and to purchase and install a new clinic ventilation system to reduce the potential for airborne pathogens. The new clinic will serve more than 25 local communities with medications for infections, allergies, upper respiratory tract infections, asthma, hypertension, diabetes, sexually transmitted diseases, and medications for children. These medications will be paired with the organization's community health outreach services, including HIV testing and management outreach, Tuberculosis screening, cervical cancer screening, and other medical services.

At a future date, staff members from Altruic Advisors will travel to Eswatini to spend time with the families and individuals who receive care from Kudvumisa Foundation and learn more about how our team can help "create good" in their world.

About Altruic Advisors: Altruic Advisors is a full-service accounting firm for nonprofit organizations. Founded by Ryan Hagan in 2012, Altruic Advisors is one of the very few accounting firms in the United States that works exclusively with not-for-profit clients. Altruic Advisors is headquartered in Ann Arbor, Michigan, with additional offices in Denver, Boulder, Colorado Springs, Lansing, Minneapolis, and Washington, DC.
